

**January 11, 2022**

**Motion**

**WHEREAS** Ontario's students have spent more time learning 'online' and out of class during the pandemic (26 weeks and counting) than any other jurisdiction in North America, and;

**WHEREAS** OBCM Mayors agree that in-person learning is without a doubt the best for children, and they will continue to work with public health to encourage as many children and educators to get vaccinated as soon as possible so we can reopen our schools, and;

**WHEREAS** the mental, physical, and emotional health of our students is paramount as the pandemic enters a third year, and students, parents, teachers, and support staff continue to face unpredictability on the return to class;

**THEREFORE BE IT RESOLVED THAT** in keeping within the well-defined roles of municipalities, OBCM mayors encourage expansion of vaccination efforts for students and education workers and extend any other support to school boards and the province to help ensure the reopening of schools and a return to in-class learning on January 17th given that pediatric and health organizations and most parents recognize in class learning as the strongly preferred option for Ontario students;

**AND THAT** OBCM requests the province take every safety measure possible to keep safe all school staff, daycare staff, and students as in-person learning resumes.
